# free Roaming PRIMATE SANCTUARY

monkeyland

[WWW.MONKEYLAND.CO.ZA](http://WWW.MONKEYLAND.CO.ZA)

Monkeyland is a free roaming primate sanctuary. The aim of our sanctuary is to give these animals a healthier, more natural life and raise public awareness about the plight of all wild animals. Around 500+ apes, monkeys and lemurs live at Monkeyland.

On your guided tour you could see squirrel monkey, Vervet Monkey, Saki's, Capuchins, Lemurs, Spider Monkeys and even if you do not see them you will hear the Gibbons and Howler monkeys and more.

These primates live a natural life in the indigenous forest, so similar to the environment they would have found themselves in had they been able to live in the wild.

Your ranger will point out, identify and explain the many wonders of life in the forest. It also brings to light the desperate need for #TrueSanctuaries like these around the world. Please feel free to enquire about language tour options.

# WORLD CLASS free flight AVIARY

**birds of eden**

[WWW.BIRDSOFEDEN.CO.ZA](http://WWW.BIRDSOFEDEN.CO.ZA)

The spectacular and awe-inspiring Birds of Eden is the largest free-flight single dome aviary in the world. The sanctuary encompasses 2.3ha of partly forested land, with a 1.2km winding walkway. The walkway takes you past waterfalls, ponds, coves and many other hidey-holes. Visitors are welcome to explore at their own pace or should they prefer - request a guided tour at no extra cost. The sanctuary is home to 200+ differ-

ent species & subspecies of birds totalling about 3500 birds. This a sanctuary where many previously pet caged birds have now been given the opportunity to spread their wings, this is their first chance to make adequate use of their wings in full flight and as such experience natural avian behaviour! You can spend an entire day in this paradise surrounded by birds and other creatures, making this #TrueSanctuary visit count.

Where rescued  
**BIG CATS**  
FEEL AT HOME 

**jukani**

[WWW.JUKANI.CO.ZA](http://WWW.JUKANI.CO.ZA)

For a life changing experience visit Jukani and admire the magnificent rescued Lions, Tigers, Leopards and Jaguars in their safe and magnificent forever home with natural habitats constructed to suite each individual animal's needs.

Free of exploitation and the stress caused by human interaction, these animals will live out the rest of their natural lives at the sanctuary.

Photography ramps are installed at many of the big enclosures where you can take stunning pictures on your 80-minute walking

safari with one of our entertaining and knowledgeable guides.

Wonder at the ferocious Spotted Hyena, the Honey badger, Caracal. There are also Zebra and Springbok. Learn why the black Leopard and white Tiger & Lions have colour mutations.

The lightning fast Cheetah and agile tree climbing Pumas are a delight to see. You will find hope in #TrueSanctuaries and be made aware of the plight of these animals - realising that through lifestyle changes and choices you can contribute to a chance at a better future for them.

**OPEN**

**OPEN 7 DAYS A WEEK  
365 DAYS A YEAR**

Monkeyland & Birds of Eden  
8:00am - 5:00pm  
Jukani
